Hi Shawn,

We all agree it would be a great opportunity to have the RCMP in attendance at the SCS Community Consultation Event. As you outlined below, providing information about the outreach teams, ACT/Car 67 etc. would be very useful for the community to understand the full scope of RCMP's mandate.

We are mailing invitations to the event to approximately 3000 business and homes - to attend people must register online for the event. We will have a better idea, how many people will be attending closer to the date. Invitations to key skate holders have also been extended - Downtown Surrey BIA, City of Surrey, School Board etc.. We will have plain clothes security at the event.

The set up will be "science fair style" - Fraser Health will have approximately 5 tables displaying infographic posters, detailing SCS, OAT, SCS location Information, and comments/ feedback/ lived experience table.

The consultations are scheduled the follow days:

Friday Feb 3rd — 7pm - 9pm
Saturday Feb 4th - 12pm- 2pm

At the SFU Surrey campus - classroom 2740

If you could confirm the name of the individuals attending, and let me know if you require anything for your set up (tables/chairs/AV equipment etc) I will be available all day on Friday Feb 3rd to assist, just confirm what time works for your team.

Many thanks in advance,

Unceded Coast Salish Territories

On Jan 9, 2017, at 2:25 PM, Shawn Gill <Shawn.Gill@rcmp-grc.gc.ca> wrote:

Further to our discussion today, please discuss with your Team, the RCMP's involvement in the open house, and exactly what you would like us to comment on. I would think the Surrey Outreach Team's work with ACT/Car 67, and business engagement may be beneficial.

Thanks

Shawn

Hello Dwayne and Happy New Year.

I just wanted to following up in regards to the Fraser Health SCS Community Consultation meeting being held at the beginning off February (3rd & 4th).

As you know Fraser Health would welcome the RCMPs attendance/contribution to the event. Perhaps we could arrange a time to discuss the details of the event and in what way the RCMP could participate?

Feel free to email or call me a the number below.

Many thanks,

Unceded Coast Salish Territories

Hi Dwayne,

We were wondering if the RCMP wanted to set up a booth about the SOT at our SCS Open Houses? We are planning to host these events on these dates at SFU Surrey Campus Classroom 2740:

Friday Feb 3rd, 2017 @ 7pm - 9am

Saturday Feb 4th, 2017 @ 12pm -2pm

If you're interested, could you please connect with Amy (cc'd above) to co-ordinate.

Lastly, we were wondering if you had a chance to connect regarding the status of the letter.

Thanks,

Amanda Peters - SCS Pre-Opening Discussion

From:
To: "andy.leclair@rcmp-grc.gc.ca" <andy.leclair@rcmp-grc.gc.ca>,
Date: 2017/04/24 1:21 PM
Subject: SCS Pre-Opening Discussion

Hi all,

In preparation for the discussion tomorrow, I'd like to identify the priority items that require some discussion. Please feel free to add to this list.

- Communication: How best to contact RCMP staff working on SOT and SafePoint staff. Urgent and non-urgent.
- Access to SafePoint and SOT portables. Urgent and non-urgent.
- RCMP role (if any) in staff / site security.
- Participation in SCS staff training May 1- 12
- SCS start up communications / promotions

Thanks,

Fraser Health
Office: 604-930-5404

Amanda Peters - Invitation: SafePoint visits June 6th

From:**To:****Date:** 2017/06/02 12:57 PM**Subject:** Invitation: SafePoint visits June 6th

Hello,

You are invited to a visit of SafePoint, the new supervised consumption service that will be opening on 135a Street in Surrey. This service provides a much needed addition to the continuum of care for individuals who use substances, and provides an opportunity to engage these individuals in necessary health care and social services. The site will be co-managed by Fraser Health and Lookout Emergency Aid Society and will be opening on June 8th.

As stakeholders and/or service providers in mental health and substance use, we would like to extend an opportunity for you to see the facility prior to its opening.

The visits will be done on a drop-in basis from **2:30-4pm on June 6th**. Please RSVP if you are planning to attend, as space is limited in the portable, and we may need to develop time slots if we have many interested parties.

If you are planning to attend, please send your RSVP by Tuesday, June 6th at 8am.

Please see below for directions to the site.

Thank you,

DIRECTIONS:

- The entrance to the pathway is directly on 135a Street, next to the Gateway Shelter
- Walk along the path and you will reach the SafePoint, the blue portable

Amanda Peters - Gate to Safepoint

From: Shawn Gill
To: Brand, Johan
Date: 2017/06/07 1:12 PM
Subject: Gate to Safepoint
CC: Dinwoodie, Trevor

Johan:

I toured SafePoint and was concerned about the pad lock on the gate that leads to the FH facility. In order to support an emergency response we will require a latch type lock, should be minimal cost. Could you please have Ken Woodward touch base with Trevor.

Thanks

Shawn

Hi

I am dealing with a complaint from Safepoint about members attending with EHS when an overdose occurs. Within the complaint a few other complaints arose

1) Safepoint had 3 OD's in the last few days. EHS was called by Safepoint and RCMP members attended with EHS. Safepoint did not like this as they indicated that Insight does not call police and therefore they want to follow the same internal policies. Meaning no police inside.

I explained that I would ensure that the members would not enter the building unless

specifically requested for safety by EHS and this would be messaged to the membership today. Obviously if there was a death then this would change.

2) During one OD members were respectful and stood by the door and were given identification of the Victim to police which had been taken by EHS from the victim's wallet. This allowed the person's name to be known when Safepoint goes by "nickname" specific to the individual only and their privacy was breached. Which is against your internal policy.

I know this is new for everyone and we will work through it, but also know our communication at this time is so important so we don't get off track.

I have advised the RCMP members that:

1) RCMP will not attend into Safepoint unless specifically asked to do so by EHS for their personal safety. RCMP can wait outside or nearby. I know there is a current concern from EHS that many users are using a meth/fentanyl mix and have been violent when coming to.

2) As far as OD's in Safepoint and identification. If we are not in the facility we will not be asking for names. It will be messaged that Safepoint does not have the names - only made up user names. The members will also be asked to limit this question if by chance in the clinic, for instance if they were called in about an unrelated crime they would be required to ask this, but as far as overdose they will not ask this of Safepoint or the client inside the clinic.

Apologies- I thought I sent this yesterday- sorry if it is a repeat.

As there has been some confusion with the new Safe Consumption Site (Safepoint) please pass this on to your members:

1) **IN THE CASES OF OVERDOSE:** RCMP will not attend into Safepoint unless specifically asked to do so by EHS for their personal safety. RCMP don't need to attend, there is no criminal offence and unless there is a safety concern to EHS only then will members enter and if they do so -note it in their files why they attended inside.

2) Safepoint staff do not have the names of the clients- only made up user names. To assist with people accessing services there please do not ask for an OD victim for identification or their name if **you are in Safepoint**- which hopefully you won't be.
On the street outside is business as usual.

Subject: RE: Gate to Safepoint

The RCMP apparently also want a man gate fronting out onto 135A Street in the location shown below. The conduits to both should be fairly straight forward as we did bring an extra line in to the gate motor area. It would be best if there was a site meeting with the fencing contractor just to ensure everyone is on the same page.

From: Roger Smith [<mailto:roger.smith@rcmp-grc.gc.ca>]
Sent: June 15, 2017 3:38 PM
To:
Cc: Tom Bartnik
Subject: RE: Gate to Safepoint

I have been advised by Tom that we want to proceed with the access control for the pedestrian gate. Attached is the type of gate hardware that our security contractor is proposing for the gate. It allows for key override and it looks like there is not much work required to attach it to the existing gate. It would be set up so the members can card in and card out with creative positioning of the card reader. I don't think any modifications are required

to the gate or fence other than removing the current latch but I will confirm this with the security contractor.

We will need a 1" conduit from the base of the latch side fence post to the cabling entry point at the SW corner of the trailer to the pedestrian gate, not sure if they can run this under the trailer and then straight across to the gate post. Are you able to advise a time line on when the conduit work could be done?

I'm not sure if we need to arrange a site meeting with the contractors? I will be out of the office until June 26, we could arrange something for the week I return if you think it's needed.

I am cc'ing Tom incase something comes up while I am away.

Johan asked IT to look into this for you. I just wanted to confirm the request. Attached is a photo of the gate at the rear of the trailer and a gate that we have here at Main. I'm assuming we will need a similar treatment. The one here at main allows you to exit by turning the handle but you need a key to get in from the secure side. I am also going to get a quote for the cost to get card access on the gate.

Hello,

2017/08/09 9:29 AM >>>

Can you let me know if you would be amenable to doing an interview and if so what time and location would work best for you? I'm happy to come to the RCMP trailer if that's easier or can book a meeting room at Central City if that works better.

Thanks,

Fraser Health Authority

I am writing to invite you to our First Good Neighbour Committee SafePoint Supervised Consumption Site

We have been operational since June 2017 and would like to meet with stakeholders. Our focus is on addressing any concerns and issues as well as updating on the site and results to date. The Terms of Reference are attached for your review. If you are unable attend in person, please feel free to nominate a designate to participate.

We look forward to meeting with you on Monday October 16th 1:00pm – 2:00pm , RCMP Trailer 10681 135a Street Building A, Surrey V3T 4E3

Surrey Memorial Hospital
Critical Care Tower, 3rd Floor, Administration

 Hi Candy:

I have no information on this ATIPB request about Safepoint, a safe injection site. Do you have any knowledge of any reports, etc that deal with this request?

Thanks

Geoff

Access to Information Act REQUEST NOTIFICATION

Good day,

PLEASE ACTION IMMEDIATELY

ATIP Branch's Request #: A-2017-09495 / F165

Your Due Date: November 6, 2017 A.M.III.11.G.3.b.2

A reply to this email is required on or before the due date.

The request reads as follows:

"In a public safety committee, it was revealed that senior members of the Surrey RCMP met to discuss the outcomes of the OutReach Team. I am looking for memos, speaking notes and discussion records that reveal the concerns and potential problems the Surrey RCMP may have for the new safe consumption/injection site (Safepoint) The time frame is October 2016 through September 17th, 2017 http://www.surrey.ca/bylawandcouncillibrary/CR_2017_P003.pdf."

Please advise if the requested information also exists under another Region/Division and/or Unit.

Additional Information:

- * All paperless PROS files will remain the responsibility of ATIP Ottawa to download
- * Note that ATIP does not have access to SPROS therefore those searches are the responsibility of NSIS
- * Please advise if a hardcopy PROS file exists. If so, forward the entire file to Ottawa.
- * All B.C. PRIME searches must include INVISIBLE PRIME FILES
- * Please be advised that further to the Briefing Note of 2010-02-17 by Pacific Region Informatics Officer, a unit/detachment must access each regional server to conduct regional CAD queries
- * If the complete file requested is only available in electronic format, please forward via email attachment.

If you have any questions or concerns about ATIP requests, you can obtain some information at:
<http://infoweb.rcmp-grc.gc.ca/cio/im-gi/im-instructions-gi/atip-aiprp-eng.htm>

Please forward the requested documents by Xpress or Priority post to the:

Amanda Peters - Fwd: RE: Access to Information Act Request - request to the RCMP

From: Amanda Peters
To: Gill, Shawn
Date: 2017/11/03 8:53 AM
Subject: Fwd: RE: Access to Information Act Request - request to the RCMP
Attachments: RE: Access to Information Act Request - request to the RCMP

Good Morning,

I had a conversation with (Deputy Clerk from the City of Surrey) this morning re: the ATIP request for Safepoint.

has said that because the reports are from the City of Surrey and not the RCMP, they cannot release the reports to us. Either a Freedom of Information request would need to be made to the City of Surrey, or the RCMP would need to transfer a portion of the request over to the City.

Please let me know if you would like me to provide the closed committee report to Geoff Shaw, who forwarded the ATIP request to us.

Just for your information, the ATIP request Diary Date is for this Monday November 6th.

Thank you,

Amanda

Hi |

I followed up with Amanda. The City will not be providing the closed reports as they are City records, not RCMP records. The RCMP can either formally transfer a portion of the request to the City, or the requestor can submit an FOI request for the records to the City and our FOI team will process accordingly.

Thanks!

see below, RCMP is asking if we have any CR's that pertain to Safepoint that went to PSC open meeting? I have attached Status reports 1 & 2, but 3 & 4 CR's went to Closed PSC, so I have not attached them. Can I forward these to Amanda Peters? The reports discuss that FH is applying for Health Canada for the S. 56 Exemption? Please advise. thanks. They need to know this by mid day tomorrow.

Hello

We have received a request from Access to Information & Privacy Branch for information regarding Safepoint (Injection Site).

Could you please check all of the Public Safety Committee reports (Open) to see if there are any references to Safepoint and forward the results to me. We have a short period of time to respond to this request, therefore we will need the information from you by mid day tomorrow.

Please let me know if you have any questions.

Thank you,

Amanda

Candy and Amanda,

Here are all the emails I have regarding the Safe Consumption Site that may pertain to the intent of the request

for the dates indicated. Nothing spectacular.

FYI - At the request of Supt. GILL, I have also reached out to Ops Strategy Branch regarding any communications they may have had with Surrey RCMP regarding SCS's for the time period indicated. I have yet to receive that information, if any.

I will be in touch as soon as I have a response from E Div.

Thank you.

Amanda,

I have spoken with Dawn ROBERTS of EDIV Communications on whether they or Ops Strategy Branch have anything pertaining to this ATIP request. They have nothing.

It appears you can respond with the information already provided.

Thank you and best regards.
